A GREETING From The Owner

F As I work in the Real Estate Industry there has always been a special place in my heart for developing relationships with people. The very people who have shaped who I am today in the Real Estate Industry are the same people who have encouraged me to step out on faith to create the foundation of this new and exciting Real Estate Firm.

Having stepped out on faith has helped me to develop this vision to create a company based on the very fiber of the Real Estate Industry backed by faith in the Real Estate process. That vision illuminated into what is now Faith First Realty where we are "Restoring Faith In Real Estate."

By working closely with buyers and sellers alike it has enabled us to provide personalized, quality service while paying close attention to the needs of our clients.

Our professional staff and experienced agents are convinced that we are not just another Real Estate Company with goals, we are a Real Estate Company with a vision and a commitment to the "Golden Rule" at proving to you how a walk in faith not by sight experience can bring magnificent results in your life.

I affectionately encourage those persons who are looking for a change in the Real Estate Industry to stop by our office and see for yourself Faith First Realty "Restoring Your Faith In Real Estate."

TESTIMONIALS

"I listed my home in Virginia Beach as the market was starting to slow. Melissa sold my home within 90 days for the price I wanted and by the closing date deadline I needed. Thank you for doing a supreme job! Your knowledge and professionalism helped us to be on our way in time for the start of the school year".

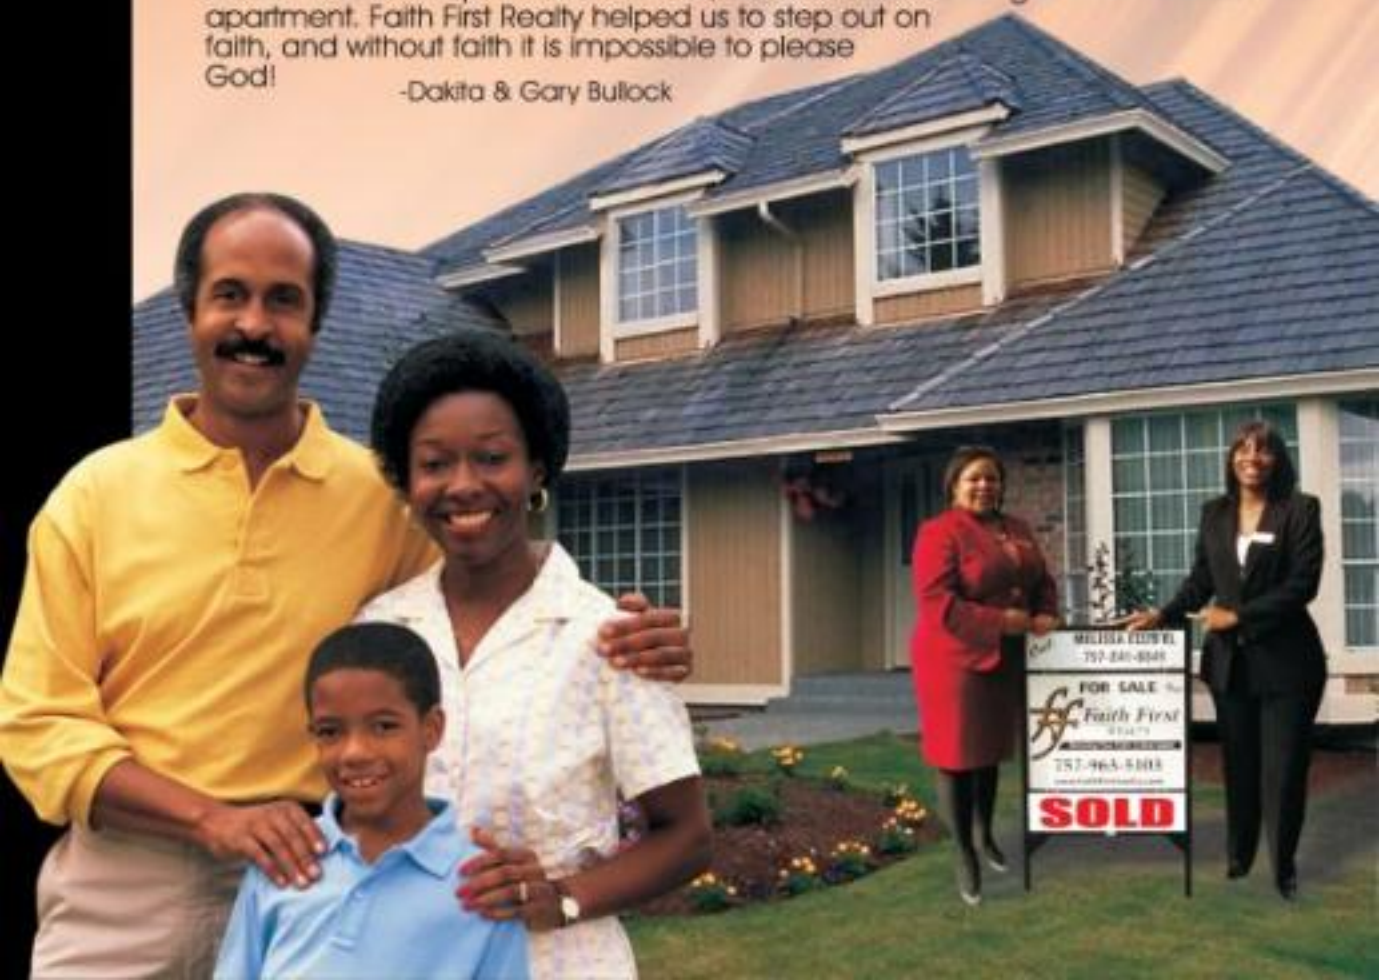

-Lisa Thomsa

"Faith First is a realty company that puts you first. The relationship begins when you walk through the door. You'll find the entire home buying process from start to finish, that Melissa is right there with you. It's a unique approach that comes with dealing with Faith First Realty".

-Pamela M. Augustine

"My husband and I had been contemplating buying a home for about two years. We had tried before but it wasn't our time. A friend of ours gave me Melissa's number and told me she will get the job done. I called Melissa back in 2005 and I happened to call when she was having an open house that week. My husband and I went to the open house and we finally met Melissa. We looked at several homes and made several offers; however, we were outbid. I got very disappointed. The funny thing was that Melissa told me that it's part of the business and there are going to be offers that you are not going to get. My feelings were still hurt but she was right! When we decided to look in the middle of last year, again, we didn't think we were ready because the housing market was so expensive. It was a seller's market. Melissa kept in touch with us and I believe it was in September when they called and told us they thought this would be a good time for us as it was now a buyer's market. Melissa worked with us along with the help of Tanya and we purchased a home on December 15th, 2006 and moved in the next day. This was quite a learning experience but it's all been worth it because we were living in a 1 bedroom apartment and now we have a 3 bedroom home with a fireplace, deck and other amenities. I believe if Melissa had not kept in touch with us, we would still be living in that 1 bedroom apartment. Faith First Realty helped us to step out on faith, and without faith it is impossible to please God!
